Minimi Suite — Get Premium Access & Developer API Docs

Official REST API Documentation & Integration Guide for Minimi Premium Tools and Services

---

1. Overview & Authentication

Minimi offers enterprise-grade REST APIs for automated PDF management, dynamic QR code creation, highscore leaderboards, and AI tool execution. Access requires a Premium License Key passed via HTTP headers or Bearer Authorization.

```
HTTP Header: Authorization: Bearer YOUR_PREMIUM_KEY
Content-Type: application/json
```

2. API Endpoints Reference

Endpoint	Method	Description	Access Tier
/api/v1/health	GET	System health and cluster readiness check	Public
/api/v1/premium/access	POST	Validate key, check quota, and activate trial	Public / Key
/api/v1/tools/pdf/process	POST	Server-side PDF split, merge, compress & OCR	Premium
/api/v1/tools/qr/generate	POST	High-res dynamic QR code generation	Premium
/api/v1/games/highscores	GET/POST	Global leaderboard tracking across 13 games	Public / Key

3. Example API Requests

a) Validate Key & Request Premium Access

```
POST /api/v1/premium/access
{"licenseKey": "PREMIUM-DEMO-2025", "requestTrial": true}

Response 200 OK:
{"status": "active", "tier": "Enterprise VIP", "validUntil": "2026-12-31", "quotaRemaining":
100000}
```

b) Execute High-Speed PDF Operations

```
POST /api/v1/tools/pdf/process
Header: Authorization: Bearer PREMIUM-DEMO-2025
{"action": "compress", "filename": "report.pdf", "quality": "high"}

Response 200 OK:
{"success": true, "processedUrl": "/api/v1/downloads/report_compressed.pdf", "savedBytes": 204800}
```

4. Subscription Tiers & Benefits

Plan	Requests/Mo	Max File Size	Dedicated Backend	SLA Support
Free Community	1,000	10 MB	Shared Pool	Community Forum

Developer Pro	100,000	250 MB	Dedicated Edge	24/7 Email
Enterprise VIP	Unlimited	1 GB+	Custom Isolated Instance	15-min SLA + Dedicated PM
